

Coaching Philosophy

South Canterbury Cricket has adopted the attached coaching philosophies as determined by our Major Association, Canterbury Cricket.

As such we are requesting that our representative coaches take the time to read and understand these philosophies.

You will/may have questions in relation to these philosophies and we encourage you to contact Shane Gilkison, our Coaching Development Manager for any clarity around these.

The essential principle from these documents is for our representative coaches to understand that for our youth representative teams the following maxim is the guiding principle behind these philosophies.

Tournament Philosophy

While cricket is inherently competitive, the aim is for all players to have opportunities to develop, learn and perform at their best in a challenging but supportive environment. This is the primary focus and should not be compromised for the sake of the result.

We would politely request that you sign and return a copy of this document indicating that you have read and understood our Coaching Policy and will make every endeavour to uphold this policy in your role as a South Canterbury Cricket Representative Coach or Manager.

Thank you for your time and support as we endeavour to continue to make the development of our cricket players an inspirational learning environment, providing pathways, opportunities and fun experiences for our youth.

I have read the policies and will endeavour to follow these to the best of my ability.
